Dear Chairwoman Granger and Ranking Member DeLauro:

This letter is requesting funding for the City of Gibraltar Watermain Replacement project in fiscal year 2024. The entity to receive funding for this project is the City of Gibraltar, located at 29450 Munro Street, Gibraltar, Michigan 48173. The funding would be used to replace the city's watermain infrastructure. The project is an appropriate use of taxpayer funds because the investment will enhance the city water supply, which serves 4,977 residents, by upgrading its water infrastructure at critical points in the system. This will directly assist the replacement efforts of lead service lines across the community and assist with the state-driven removal program.

The project has a Federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

This letter certifies that I have no financial interest in this project, and neither does anyone in my immediate family. Thank you for your consideration of this request.

Sincerely,

Debbie Dingell
Member of Congress
